The original charter of the Washington Suburban Master Plumbers Association was signed on August 8, 1938. Its objects and purposes remain the same “to unite in the bonds of fellowship, all persons, firms, and corporations, operating in Prince George’s and Montgomery Counties, practically engaged in conducting the business of plumbing; to benefit mutually its members by thoroughly discussing all the scientific and technical principals embraced in, and fundamental to, the proper construction of all plumbing work; to use the combined effort of the membership to help the profession to that high standard of excellence which its universal use and inherent ability entitle it.”

## PRESIDENTS

1938 - J. Frank Rushe*	1974 - Bernard L. Meier*	2000 - William J. Silk
1939 - William J. Wohlfarth*	1975 - Walter S. Hill*	2001 - George R. Cranford, Jr.

Jo Eberly, Charlotte Hall, Kenny Howes,  
Ian Jolles, Terry Winegar, Rob Clem, Kevin Black**

**Not Pictured: Katie Byrd, Jim Mazzullo**

**The 77th Annual Dance  
(The Plumbers' Ball)  
is dedicated to  
Bello Machre.**

**This charity was chosen by  
Reigning President Jo Eberly as it  
is very near and dear to her heart.**

Bello Machre provides a lifetime of loving care for individuals with intellectual and developmental disabilities including Down Syndrome, cerebral palsy, neurological disorders, TBI, Autism, Rett Syndrome, epilepsy/seizure disorder, Muscular Dystrophy, William's Syndrome and others. For over 50 years, they've provided residential group homes, community-based services, respite care and more. Founded by parents of children with developmental disabilities, they support over 360 children, adults, seniors and their families in our community. They believe that everyone deserves the opportunity to love and be loved.

# THE SAFEST WAY

TO  
PURCHASE  
YOUR  
WATER  
HEATER  
IS FROM  
YOUR  
PLUMBER

## YOUR PLUMBER CAN GIVE YOU MORE.

A licensed, professional plumber knows local municipal codes that govern water heater installation. In many locations, a licensed plumbing professional is the only one who can legally install a water heater.

Your plumber understands the dangers of improperly handling gas and electric fuel sources, as well as the trouble substandard venting or inadequate combustion air can cause.

Relying on experience, education and skill, your

plumber can choose the exact model for your individual needs from the hundreds of variations available today. Your plumber also has access to water heaters that aren't for sale in a home center or retail store. These professional water heaters are only available through a plumbing wholesaler and, not surprisingly, can provide you with more hot water for your money.

When you do it yourself or have your water heater installed by anyone

less than a licensed professional, you're not saving money. You're gambling with comfort and safety. Why take the chance? Calling your plumber when it is time for a new water heater is the right thing to do. It is the safe thing to do. It is the smart thing to do for you and your family.

**Jetglas®**  
**Water Heaters**

*Bradford White's new brochure for consumers, **30 Reasons To Buy A Water Heater From Your Plumber**, is packed with information that concerns your comfort, safety and peace of mind. For a free copy, write to us at 30 Reasons, Bradford White Fulfillment Center, 860 Pennsylvania Blvd., Feasterville, PA 19053. You can also order a copy direct from our website at [www.bradfordwhite.com](http://www.bradfordwhite.com).*

**Silver Spring, MD**

**301-565-2222**

**1-888-JETGLAS**

**Safety Reminder:** Do not use or store flammable products such as gasoline, solvents or adhesives in the same room or area near any gas fired appliance. Gasoline and other flammables can be dangerous if not used safely. Also, water temperature over 125°F can cause severe burns instantly from scalds. Always feel water before bathing or showering.
