This meeting is being sponsored by:

PRESIDENT'S MESSAGE

One of the greatest benefits we enjoy as a member of this association is sharing ideas and solving common plumbing issues with one another. The general meetings always spark good conversations and with countless years of experience in the room someone more than likely has dealt with a problem that is keeping you up at night.

I understand it's difficult to attend all the meetings and staying current with changes that may occur from month to month. To solve this problem the Association started printing the newsletter over 25 years ago. I believe this month will mark our 220th newsletter. Over the years the newsletter has fallen mostly on Charlotte's shoulders with several others pitching in. A little more help would be appreciated.

I would like to invite members to add to this newsletter. If you came across a new tool that has made your life easier we would love to hear about it. If you attended a class that has improved your business please let us know. Maybe you have some equipment you never use and would like to sell it, you can post it here. This newsletter is a great resource for our plumbing community so let's take advantage of it.

John "J.R." Seymour, 2018 President
